CANNIBALS EAT MAN CAUGHT AS HE SEEKS **NEW GUINE**A RADIUM

Returning Missionary, Now at San Prancisco, Tells Pate of Explorer.

PRANCISCO, Cal., Jan. 80.-H. A. Malley, a young Congregaonal missionary, who has arrived ce on the liner Ventura from the odes, asserts that cannibalism ill exists to a large degree in New sea. Bables and little children are principal victims, according to the onary, who also brought details of the death of the German explorer Warner in the jungle wilds of the

"The fact is startling, but true," Rev. Mr. Malley said, "that ninetenths of the prisoners held by the British Government in New Guines. are confined either for murder or can-

"I learned of the fate of Werner from his partner Winser, with whom I travelled when he came back to Papua. Last August the two Germans set out for the interior in search of radium. They were accompanied by guides and a large party of na-tive carriers. After they had gone some distance they quarrelled and parted, Winzer returning to the coast and Werner continuing into the wil-

derness.

"Some time later the guides returned with the tale that the party had been surprised by cannibals. The natives fied, but Werner was speared, clubbed to death and, according to the guides, eaten. Later investigation disclosed the camp of the cannibals. Nothing was found but the bones of the explorer."

BETTER THAN CALOME

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Da Ewards' Office Tablets—the substitute for Calomel—are a mild but sure laximate, and their effect on the liver is attended in the standard of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought can these little olive-colored tablets. These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the testh like strong liquids or calomel. They take hold of the treathle and quickly correct it. Why cure the liver at the expense of the testh live at the sums. For the expense of the testh of Calomel cometimes plays have with the sums. For de attrong liquids. It is best not take reaiomel, but to let Dr. Edwards' Clive Tablets take its place.

Most headaches, "duliness" and that lary feeling comes from constipation and a discretized liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "perk up" the spirits. At 10c and 25c per box. The Olive Tablet Campary, Columbus, C. All Druggists.

GIMBELS—Tomorrow Is Final Clearaway

Parisiennes Are Enthusiastic Over This

New Mode By Madeline

Tomorrow We Shall Introduce An Excellent Reproduction at \$10

When its high crown is of the new citron-color crepe, it is very chic, for its upturned brim is of black tagal. Of course, it is very beautiful in other colorcombinations, too.

Jet is introduced in a very artistic way—a string of solitaire beads is appliqued just at the hairline. And two large jet pins are crossed in the front.

Jet Dominstes in Other New Mid-season Modes At \$5 to \$12.75

Roman striped silk is another new note which gives distinction to some of these chapeaux. Faille, moire and taffeta silks are the other favorite materials. Pierrot Pom-

pons of ostrich are important among the trimmings. New Dancing Caps and Hats, \$5 to \$15 Third Floor

Women's Hudson Seal Coats In a New Loose-Back Style \$95—Exceptional!

We had the opportunity to get this fur, which is a remarkable imitation of sealskin—in reality, dyed muskrat—at a concession which makes the Coats quite as extraordinary as those that are reduced in our own stock. But, we insisted upon having these Coats fashioned in the latest cutaway model with the new loose back which is so swagger—also with the Medici collar. A similar model in Arctic Seal (dyed coney) is \$45.

Saturday, the last of the three "Days of Acquaintance," will be a convenient time for the master of the house to come with his family to see the fine offerings in

The GIMBEL February Sale of Furniture

However much or little a man may have to do with the choosing of new Furniture, he is apt to have a good deal to say about it after it is sent home, if it does not suit his ideas of beauty or comfort.

As a matter of fact, we find that in at least 75 per cent. of cases, the "man of the house" comes with some feminine member of his family at least to look at the Furniture, if not actually to buy it.

So tomorrow—a half holiday in many businesses and professions—we shall set apart as

A Special Day for Men

to visit the GIMBEL Furniture Sale, with their wives, sisters or daughters and to make reservations, if they choose, before the Sale actually opens on Monday. And the men will undoubtedly enjoy it, if they love beautiful things.

For, apart from all questions of selling and buying, it is a really beautiful exhibit of fine Furniture. In fact, as one furniture maker said to us yesterday,

"You Have the Show Place of the Town"

But he did not mean by that that it was merely Furniture for show. For his experienced eye caught at a glance the QUALITY of the Furniture that makes up the remarkable display. It was rather a tribute to the unusual arrangement and comprehensiveness of the collection.

There is Furniture for the richest city or country house-There is Furniture for the city apartment that must be furnished for a

There is Furniture for the little bungalow, in which "the cellar and the attic are on the same floor."

There is Furniture for the bachelor apartment and for a man's office

All so well arranged, and well lighted, that it is a pleasure, not an effort, to find the class of furniture you wish without loss of time or steps. Savings on the whole half-

million dollar stock average 25 to 30 per cent, with extremes running as low as 10 per cent. and as high
